**Eco Commerce Exchange (ECE) & World Trade Center Atlanta (WTCA)
INTERNATIONAL SPEAKER SERIES & TRADE MISSIONS
'Partners in Trade, Investment and Cultural Exchange'**

For Immediate Release

January 23, 2015, Atlanta --- Eco Commerce Review (ECR) --- Eco Commerce Exchange (ECE) and World Trade Center Atlanta (WTCA) are proud to present the [2015-16 International Speaker Series](#). This Speaker Series is an outstanding opportunity for the **Greater Atlanta & International Business Community** to benefit from the unique perspectives of distinguished business, finance, policy, non-profit, government, NGO, and Media Leaders, and other influential individuals.

CALL FOR SPONSORS

Sponsorship is now available for May 2015 - May 2016 International Speaker Series and Trade Missions. ECE will film the Speakers during events at the World Trade Center Atlanta (WTCA), and share all Speaker presentations and interviews post-event for 12-months with our audience of over 2 million thought Leaders and Media Partners worldwide. Review our current speakers at www.EcoCommerceExchange.org in the Auditorium and Learning Center, no cost to register.

WHY DO WE DO THIS?

We realize that international collaboration is critical to trade, investment and cultural exchange. Since today so many organizations have limited marketing and travel budgets, many business leaders cannot attend all live events and trade missions, but they can listen the speakers online anywhere in the world, and anytime at their convenience. Therefore, **ECE will film the Speakers during their visit in Atlanta, and deliver the Speaker presentations post-event through ECE's online Auditorium and Learning Center 7/24/365 to ECE's fast growing global business community.**
