

Chamber of Eco Commerce

Greetings from Atlanta!

To increase bilateral SMART trade between U.S. and Europe, the Chamber of Eco Commerce, in partnership with SMART Community Exchange, Finnish American Chamber of Commerce, and USANOR, will host the 5th Annual Investing in SMART Innovation 2017 EU Summit, September 5-6, 2017 in Finland.

This international business roundtable will attract Leaders from Business, Government, NGO, Academia, and Non-Profits, to discuss bilateral trade and investment and education and workforce training and development opportunities.

Please join us to share and learn, and to meet the SMART Community Exchange U.S. delegation, and International Business Leaders and Investors seeking to enter or expand their business in the U.S. and EU market, or international market:

All participants will be invited to a Trade Mission to the United States in 2018.

Limited seating, first come.

Welcome to Finland - the SMART Tech Gateway of the EU!
